Dreaming of 11:11
Discovering the Power of Mysterious Numbers,
Signs, Sequences and Synchronicities

San Francisco, CA (November 1, 2008) — Reports of people noticing strange and repeated associations with the number 11 are on the rise, prompting theories connecting this phenomenon with the coming Mayan calendar end date of 12/21/2012.

A new book by best-selling author, Marie D. Jones, and paranormal researcher, Larry Flaxman, ***11:11 The Time Prompt Phenomenon: The Meaning Behind Mysterious Signs, Sequences and Synchronicities*** reveals new data and insight into mysterious numbers and strange sequences as they have appeared throughout the history of human experience, and what they mean today.

“Times. Dates. Measurements. Sequences, patterns, equations and even synchronicities of time and space itself move into a common, and yes, mathematically determined, rate of vibration in order to open a new dimension of reality. . . who thought up the math?”

What do the numbers and patterns mean? Are they wake-up calls to a higher state of consciousness, triggers of paranormal experiences, or what some scientists refer to as “junk DNA”? In this fascinating new work, readers will learn about:

- *Number-based patterns in nature—such as the Fibonacci spiral, the golden ratio, and DNA sequences—and the secrets of sacred geometry.*
- *Synchronicity: the science behind coincidences.*
- *How the universe can be condensed into numbers and equations.*
- *The power of numerology in human lives.*
- *Is God a number? How numbers relate to the creative force behind all reality.*

– more –

We live according to times, dates and numbers. *11:11 The Time Prompt Phenomenon* explores the mysteries of 11:11 and the many ways in which numbers influence and may literally determine the foundation of our reality.
